

Buy in Buenos Aires without searching, visiting or negotiating.

You tell us which apartment you're looking for. We search it, review it, negotiate the price and **buy it for you**.

HOW IT WORKS

- 1 We define your search.** Area, type, budget and goal: living, income or investment.
 - 2 We search the whole market.** Including properties that haven't been listed yet.
 - 3 We check everything is in order.** Title, debts, developer reputation, future profitability, paperwork and condition of the property.
 - 4 We show you a short selection.** We visit for you, with video if you buy remotely.
 - 5 We negotiate the price.** The best price and the best terms.
 - 6 We're with you to the end.** Reservation, deed and handover of the keys.

Who it's for

Investors, buyers from abroad or from elsewhere in the country, and those who don't have time to handle the search.

How we work

A fee on engagement and a percentage on closing. The exact terms are agreed in the first conversation, with no obligation.
